Efficiencies made !

AI & ML Platform - Quite en vogue !

Although Aten's been using Artificial Intelligence in all its Serious Games since 2007, its only of late that its been so popular !

Good news for our Client needs; we have enhanced the scope of the Aten AI & ML Platform to :

- 🔊 **Customize for your AI & ML needs** & Connects to any Client system APIs - *whether it is Operations, Financials, Management, Sales, Training, Safety, Compliance or any form of Big Data Analytics needed !*

Aten VL Platform - Best of Breed

Aten's pioneering Virtual Learning Solutions Hosting Platform has been upgraded to Best of Breed, with AWS **Video on Demand** technology . (*same as used by Netflix, Amazon Prime & most MOOCs*)

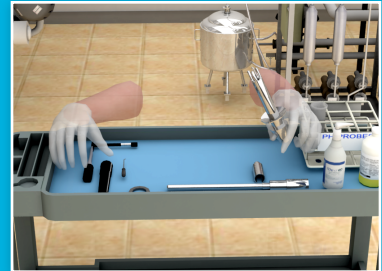

- 🔊 Enables almost instantaneous Video/Game Streaming and *reduction of bandwidth usage by a 10th !*

Lessons Learnt - Training BPR

- 🔊 **Training Integrity** restored - *Over the years, varying trainers had resulted in core & critical elements being diluted*
- 🔊 **Hiring to On-the-Job** time - reduced by 67%
- 🔊 **Productivity** increased - 10%
- 🔊 **Error** reduction - 5%
- 🔊 **\$ 1 Million + savings** in a year from above !

Huge ROI !
